**DIGITAL360: 11 MAY THE CYBER SECURITY 360 SUMMIT, THE EVENT
ON NATIONAL CYBERSECURITY STRATEGY**

The Cybersecurity360 and AgendaDigitale.eu event with the main protagonists of the Italian cyber scene returns in a hybrid format on 11 May from 2.30 to 6.30 p.m.

Rome, 10 May 2023 - **DIGITAL360 S.p.A.** - Società Benefit, an innovative SME listed on the Euronext Growth Milan market - is organising on 11 May from 2.30 p.m. to 6.30 p.m. the 12th edition of the **Cyber Security 360 Summit**, the event organised by **Cybersecurity360** and **AgendaDigitale.eu** that brings together leading experts and representatives of institutions and companies on the national cyber security strategy.

The Cyber Security 360 Summit will be a hybrid event - which can be streamed or attended in Rome, at the Roma Eventi Piazza di Spagna premises - that will focus on new regulatory and institutional opportunities and challenges in the prevention and management of incidents, in an increasingly digital Country System where smart city and smart mobility projects are spreading.

Among others, the Minister of Enterprise and Made in Italy **Adolfo Urso**, the Deputy Director General of the Department of Information for Security **Alessandra Guidi**, the Deputy Director General of the National Cybersecurity Agency **Nunzia Ciardi** and the Component of the Italian Data Protection Authority **Agostino Ghiglia** will take part in a series of round tables, keynote speeches and debates with the main protagonists of the Italian cyber scene.

"Faced with a dramatic context of growing cyber threats, the Cybersecurity 360 Summit represents an important moment of in-depth analysis on strategies to transform Italy into a secure and mature country in terms of IT security and data protection," says **Gabriele Faggioli**, CEO of DIGITAL360. It will be an opportunity to analyse with leading experts the regulatory and institutional evolution, to assess the economic impact of incidents and to analyse the best strategies for damage containment, and finally to discuss how cybersecurity is increasingly becoming an enabling compliance constraint for the development of complex projects".
